

MAGMA FIRESTOP

INNOVATIVE FIRE RETARDANT SOLUTIONS

IMA-120

Legislation obliges that decoration materials, like fabrics, are of fire retardant quality. After professional application, many materials comply with relevant fire standards. With Magma Firestop® IMA-120, fabrics made of natural fibres can be fire retardant treated.

No Fear No Fire!

Magma Firestop

Ryttermarken 29,
DK-5700 Svendborg
